Maybe even better than free.

Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. There are no restrictions onthe number of times a file can be downloaded. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. You can uploadany type of file (movies, music, documents, images, zip files and more). The cost of that data transfer is covered by your internet service or the data plan onyour phone. Our service is completely free for everyone. Keep your files private, or send your download links only to friends or family. We have no file sizelimit. Files can be downloaded from any computer from our high speed servers. If only we could, we surely would! On the other hand, using file can actuallysave you money. File is free to use with no gotchas and no hidden fees. So try our free and simple filehosting service now. Any file in any format can beuploaded and downloaded for free. You decide who you want to share your files with. Your wallet will be none-the-lighter! Just so we're all 100% clear here:When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. Simply uploadyour file and share the link. No account or credit card is required to get started. Alternatively you can choose to share your download links on blogs, forums andsocial networking sites. It is also allowed to link to the download page from websites and communities. Using file, you can circumvent those limits withoutpaying to upgrade your team chat service. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps havelimits to the size of files that can be transferred within their apps. Just upload the file you want to share with your friends and we send you a download link toyour file. filehosting provides an easy possibility for you to send large files to your friends. This is easy, fast and reliable filehosting! You don't need any kindof premium-accounts. You can give this download link to your friends by mail or instant messenger. Unfortunately, we can't make that part free. You don'tneed any special software installed to be able to download your files.
