Maybe even better than free.

Any file in any format can be uploaded and downloaded for free. It is also allowed to link to the download page from websites and communities. File is free to use with no gotchas and no hidden fees. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. Unfortunately, we can't make that part free. We have no file size limit. The cost of that data transfer is covered by your internet service or the data plan on your phone. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. If only we could, we surely would! On the other hand, using file can actually save you money. Just upload the file you want to share with your friends and we send you a download link to your file. Your wallet will be none-the-lighter!Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers toyour friends device. filehosting provides an easy possibility for you to send large files to your friends. Our service is completely free for everyone. So try ourfree and simple filehosting service now. You don't need any special software installed to be able to download your files. You can upload any type of file(movies, music, documents, images, zip files and more). Simply upload your file and share the link. Alternatively you can choose to share your download linkson blogs, forums and social networking sites. You can give this download link to your friends by mail or instant messenger. Why pay storage fees for a file thatyou just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. There are norestrictions on the number of times a file can be downloaded. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costingyou money in data storage fees. No account or credit card is required to get started. Using file, you can circumvent those limits without paying to upgrade yourteam chat service. You decide who you want to share your files with. Files can be downloaded from any computer from our high speed servers. Keep your filesprivate, or send your download links only to friends or family.
